EXPERIENCE

2022 Oct to Till date — DESIGN LEAD

Ample Technologies - Bengaluru

• Extensive experience in user interface design principles, transforming complex workflows into simple and intuitive design solutions.

• Lead the creative direction for brand marketing across Retail (Apple, Bose, Under Armour, ASICS) & Enterprise solutions.

• Efficiently manage client relationships and project deadlines.

• Create reusable user experiences and maintain a library of components, icons, colors, and fonts.

• Bringing the brand vision to life through innovative and aesthetically pleasing design solutions.

2016 Feb to 2022 Sep — SENIOR DESIGNER

Jivox Software India Pvt Ltd - Bengaluru

• Collaborate with product managers and engineers to gather and evaluate user requirements, translating them into captivating design solutions.

• Specialize in developing UI mockups, prototypes, and original designs for websites, app interfaces, and dashboards.

• Expert in incorporating discovery insights into solutions aligned with brand, target audience, and product functionality.

• Strong understanding of device form factors and design feasibility, with the ability to work in an Agile environment.

2014 May to 2016 Jun — PRODUCTION EXECUTIVE

Williams Lea Tag - Chennai

Specialized in creating brand-compliant, impactful designs that elevate brand visibility and engagement. With a blend of artistic skill and an in-depth understanding of the brand, I deliver eye-catching assets, including digital brochures, banners, logos, and web/app designs.

2013 Feb to 2014 May — ASSOCIATE GRAPHIC DESIGNER

3D Red Eye Studios - Chennai

Excel in applying standard design techniques with creative flair. Working under direct supervision, I independently evaluate, select, and make precise adaptations, showcasing a commitment to excellence.

Building on my experience, I actively contribute to the design of larger and more complex assignments. From conventional plans to intricate investigations.
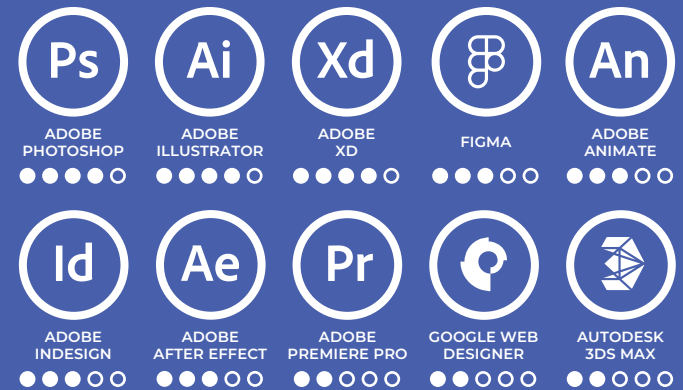

SUMMERY

A seasoned design lead with 10 years of experience in UI/UX design, specializing in transforming conceptual ideas into intuitive, high-quality solutions. Proven ability to manage client relationships, mentor teams, and meet project deadlines efficiently.

Expert in aligning designs with brand and product functionality, creating reusable user experiences, and maintaining design documentation. Skilled in prototyping and animation using tools like Figma, with a strong focus on visual and interactive design, platform diversity, and communication.

Driving and contributing to the creative unit for brand: Communications | Brand alignment | Brand awareness | Social media | Product | Services.
